

# Totally Tandem:

A motivational presentation series delivered  
by Emma Cary

## Presentation summary

The Totally Tandem motivational presentation series is based on the journey of a self supported tandem bike ride that husband and wife team Emma & Brendon completed riding 23,000km from Canada to Chile.

The presentation is lively and fast paced complimented with photographs from the journey, including extreme locations and unique wildlife encounters.

Presentations are designed to meet audience requirements and can be tailored to specific curriculum and learning goals.

The talk centres around themes of leadership, adaptability, resilience, goal setting, bravery and defining success. Vision statements and curriculum goals are reflected throughout the presentation integrating themes of independence, creative thinking and making positive contributions to our communities and the world around us.

Presentations are relevant to groups of all sizes ranging from intimate focus groups to large audiences, engaging ages from primary through to corporate. Timings range from 20-90 minutes.
